

ecampus-Portal - Extension by the examination administration - Everything in one place

The old examination administration via the QIS portal has been integrated into our ecampus portal. Here is a brief overview to help you find your way around the new menu items.

The menu item "Mein Studium (My studies)" has been expanded to include the areas "Studienplaner mit Modulplan (Study planner with module plan)" and "Leistungen (Achievements)".

1. Study planner with module plan

The structure of the examination regulations for all semesters is displayed here. This is the target view of the examination regulations, so to speak. Not only the modules taken or passed are displayed here.

Struktur der Prüfungsordnung - Alle Studiensemester	Aktionen	Status
84 WP - - H 2020		
8990 - Durchschnittsnote - 210,0 Credits		Ihr aktueller Status: Prüfung vorhanden Semester der Leistung: Winter 2023/24
10 - Pflichtmodule - 120,0 Credits		Ihr aktueller Status: Prüfung vorhanden Semester der Leistung: Winter 2023/24
1200 - Vertiefungsmodule - 95,0 Credits		Ihr aktueller Status: Prüfung vorhanden Semester der Leistung: Sommer 2023
1300 - Wahlpflichtmodule - 25,0 Credits		Ihr aktueller Status: Prüfung vorhanden Semester der Leistung: Winter 2023/24
1400 - Praxisphase - PF - 18,0 Credits		
8999 - Bachelorarbeit mit Kolloquium - empf. FS 6 - PF - 12,0 Credits		
gUK - globales Überlaufkonto		

Using the arrows in front of the symbols Account  and module  the infrastructure can be shown. The examination  and study achievements  can be found under the modules according to the examination regulations. Below is an example:

In the right-hand column you will find the status of the module or course and the corresponding semester.

Status
Ihr aktueller Status: Prüfung vorhanden Semester der Leistung: Winter 2023/24
Ihr aktueller Status: Prüfung vorhanden Semester der Leistung: Winter 2023/24
Ihr aktueller Status: Prüfung vorhanden Semester der Leistung: Sommer 2022

If you have already been enrolled in another degree program at our university, a separate page with a list of degree programs will be displayed for you to choose from. Here you must first select the current course by clicking on the course name.

Exam registration also takes place via the study planner with module plan. Here you can register in the respective registration period simply by clicking on the "Anmelden (Register)" button in the "Aktion (Action)" column.

2. Achievements

In this menu item, the grade sheet is visible in the upper section "Leistungsdaten (Performance data)".

PDF documents are available for download in the "Bescheinigungen (Certificates)" section below the "Performance data" area.

3. Student services

Nothing has changed in this area following the integration of the examination administration. The semester amounts can be viewed here as usual, as well as the matriculation certificates and the certificate of the amounts paid.

4. Service

Here you will find the menu item "Persönlich Einstellungen (Personal settings)", where you can edit your contact details, among other things.
